---

I am a Full Stack Developer with studies in JavaScript, HTML5, CSS, React, Redux, NextJS, TailwindCSS, Sequelize, NodeJS, and PostgreSQL, which have helped me collaborate effectively, analyze data at scale, among other skills. I specialize in Front-end and Back-end development and possess knowledge in agile methodologies, GIT, data structures, algorithms, and CSS frameworks. I have experience in both Front End and Back End development, as well as data architecture with additional technologies. I am known for my teamwork abilities, adaptability to new challenges, and continuous learning. My English proficiency level is B2 (Upper Intermediate).
